FOR IMMEDIATE RELEASE

Swisslog Healthcare Awarded an Agreement from MMCAP Infuse for InSite® In-Facility Medication Packaging and Dispensing Systems

Swisslog Healthcare delivers medication management efficiencies in long-term care and correctional facilities through its in-facility dispensing technology.

Broomfield, CO (July 15, 2020) – Swisslog Healthcare, a leading supplier of medication management solutions and services for healthcare environments, announces a new agreement with MMCAP Infuse, a national intergovernmental cooperative purchasing organization serving city, county and state government healthcare facilities nationwide.

The agreement places the InSite® In-Facility Medication Packaging and Dispensing System among the products listed by MMCAP and available for purchase by its membership.

The new agreement commences July 15, providing MMCAP Infuse members pre-negotiated pricing for InSite, a fully automated, onsite medication packaging and delivery system providing remote dispensing for correctional and long-term care facilities. Patients living in these facilities benefit from timely administration of prescribed medication made possible by on-demand availability of patient-specific medication packets.

“Our agreement with MMCAP Infuse assures its members receive operational value on purchasing InSite systems,” said Mike Carmody, Vice President of Long-Term Care at Swisslog Healthcare. “InSite provides nursing staff with greater access to medication, increases the efficiency of med-pass workflows, and reduces medication waste associated with traditional blister pack methods.”

About MMCAP Infuse

MMCAP Infuse is a national intergovernmental cooperative purchasing organization for government facilities that provide healthcare services. MMCAP Infuse was established in 1985, is operated by the State of Minnesota, Office of State Procurement and is self-funded. It has over 13,000 members across all 50 states. Use of MMCAP Infuse is free for its members and purchasing from its contracts is voluntary.

MMCAP Infuse's mission is to ensure the best value for pharmaceuticals and healthcare products and services to government facilities across the nation through executing contracts that leverage aggregated member volume to drive deeper discounts. For more information about MMCAP Infuse, please visit <https://infuse-mn.gov/> or find the organization on LinkedIn, Facebook, Instagram and Twitter.
